

# NOURISH YOUR CHILD'S INNER SUPERHERO!

## MAGDALEN GATES PRIMARY SCHOOL

### Our Food

**Edwards & Blake** menus are designed to be child friendly, as well as compliant with the Government's school food standards. We use high quality, healthy and nutritious ingredients, prepared fresh on site, on the day of consumption, by suitably trained and child focused employees.

We are launching our new Green Earth Monday to further support our continued commitment to corporate social responsibility. From October 2021, we are reducing animal protein on our menus to assist with the worldwide red meat reduction challenges, with Mondays in Primary schools being Vegetarian based. This will have a huge effect in impacting the CO2 saving so we appreciate your support with this.

Rest assured, at the heart of our service is a compliant menu which contains the correct balance of food and nutrients across the weeks to ensure children continue to have all the goodness they need.

### Medical Diets and Allergies

If your child has a specific dietary need for a medical reason, we will work with you to create a menu to meet the needs of your child. We have a Medical Diet Procedure to follow, to ensure your child can safely eat with us. If you would like your child to have a school meal we would need to see a medical certificate from your child's consultant. We can then proceed with creating a suitable menu. Please ask your school for the Medical Diet Request form.

Once you have completed it please return to the school along with the Medical evidence, please ensure all details are correct and it has been signed. This will then be passed onto our team of dietitians who will then create a safe menu for your child and implement as soon as possible.
