	<p>Begin to understand the passing of time by placing own life events on a time line.</p> <p><b>Substantive knowledge:</b>          -The year that the children were born          -Some things were different before the millennium compared to now (food, toys, clothes and transport)          -Time passes in seconds, minutes, hours, days, weeks, months and years          -I can find out about the past by talking to people and looking at photos, books and objects</p>	<p>including the millennium (secure this as a chronological marker)</p> <p><b>Substantive knowledge:</b>          -Some toys and games are thousands of years old          -In museums you can see very old toys          -Some toys have hardly changed in hundreds of years, such as marbles, spinning tops, toys on wheels, hoops and balls          -When parents and grandparents were young, they played outside a lot of the time and played with simpler toys          -Toys are made of different materials. This can help us know how old a toy is          -Teddy bears were invented over 100 years ago. They were named after the US President, Theodore (Teddy) Roosevelt. He saved a bear cub from the hunters and the newspapers printed the story. Toy makers made 'teddy bears'</p>	<p><b>Chronological Knowledge:</b>          -Place Robert Kett's dates (1492 – 1549) on a timeline (compare to millennium and invention of teddy bear)</p> <p><b>Substantive knowledge:</b>          -Robert Kett was a land owner who helped people rebel against a rule that said people could put fences around their land          -This meant that poorer people could not feed their animals on the land          -Kett led a group of 16,000 rebels          The rebellion took place in Norwich          -Lots of things were destroyed in the fighting          -In the end Robert Kett was caught and hanged at Norwich castle</p>
Year 2	<p><b>Famous Nurses</b></p> <p><b>Key question to focus learning</b>          How did Edith Cavell and Mary Seacole help in times of war?</p> <p><b>The National curriculum says Ks1 children should:</b>          --learn about the lives of significant individuals          -Learn about historical people in their own locality</p>	<p><b>The Space Race</b></p> <p><b>Key question to focus learning</b>          Why was the space race significant for Russia (Soviet Union) and the USA?</p> <p><b>The National curriculum says Ks1 children should:</b>          -learn about changes within living memory</p>	<p><b>The Great Fire of London</b></p> <p><b>Key question to focus learning</b>          Why did the fire spread so quickly?</p> <p><b>The National curriculum says Ks1 children should:</b>          -learn about events beyond living memory that are significant nationally (e.g. The Great Fire of London)          -understand where events fit in a chronological framework</p>

	<p>-understand different ways we find out about the past and the different ways the past is represented</p> <p><b>Key Concepts:</b>  <b>Significant individual</b>  <b>Conflict</b></p> <p><b>Chronological knowledge:</b>          -Place Mary Seacole (1805-1881) and Edith Cavell's (1865-1915) dates on a timeline (place key time markers – the millennium and Boudicca on the timeline to give context)          -Place the Crimean war dates on the timeline          -Place the WW1 dates on the timeline          -make timeline (4 items) of ECs life and MSs life</p> <p><b>Substantive knowledge:</b>          -Edith Cavell was born in 1865 in Norfolk          -She became a governess (home teacher) and worked in Belgium          -Her father became ill and she looked after him          -She trained to be a nurse at Florence Nightingale's hospital in London          -After working in London for a while, she moved back to Belgium to help set up a hospital          -In 1914 the First World War started</p>	<p>-the lives of significant individuals who have contributed to national/international achievements</p> <p><b>Key Concepts</b>  <b>Conflict</b>  <b>Continuity and change</b></p> <p><b>Chronological Knowledge:</b>          -Place WWII on a timeline          -Place Cold war dates on a timeline (compare to millennium, Boudicca, QEII, Seacole and Cavell)          -Place Launch of Sputnik on timeline (1957)          -Man landed on the moon (Armstrong and Aldrin – 1969)</p> <p><b>Substantive knowledge:</b>          The Space Race was a competition between the US and the Soviet Union to be the first country to go into space. Throughout the 1960s, the two countries were involved in the "Cold War", a conflict where they didn't go into battle but fought each other indirectly through spying, backing opposite sides in other countries' wars, and inventing better technologies. The Space Race became another way for the two countries in the Cold War to compete with each other. The end goal of the Race was to land on the Moon. US President John F. Kennedy vowed to</p>	<p><b>Key concepts:</b>  <b>Causation</b></p> <p><b>Chronological Knowledge:</b>          2<sup>nd</sup> September 1666 – The Fire starts at 1am in Thomas Farriner's bakery          3<sup>rd</sup> September 1666 – The fire spreads through London. It lasted for 5 days          The weather was hot and it hadn't rained for months. Houses in London were mainly built from wood and straw which is flammable, especially when it is very dry. The houses were very close together, so fire could easily spread. Strong winds were blowing, which helped the flames to spread. There was no fire brigade so ordinary people used leather buckets and water squirts to try to put the fire out but these did not work. Later in the week, King Charles II ordered buildings to be pulled down to stop the flames from spreading.</p>

	<p><b>Key Concepts</b>  <b>Settlements</b>  <b>Empire</b></p> <p><b>Chronological Knowledge:</b>          -Mark the beginning (27BC) and end (476AD) of the Roman Empire on a timeline (emphasise the length of the period)          -Place the Roman invasion of Britain on a timeline (43AD – 88AD)-link to Boudicca</p> <p><b>Substantive knowledge:</b>          Where did the Romans come from? The Romans lived in Rome, a city in the centre of the country of Italy. Rome started to grow from a small town into a larger and larger city around the year 753 B.C. They were one of the most powerful, clever and successful ancient civilizations ever. They ruled over nearly all of Europe and most of North Africa, including Egypt.          It is thought that one of the reasons the Romans invaded Britain was to conquer land, gain more slaves and collect the many precious resources in Britain including metals such as lead, tin, gold and silver.          What did the Romans leave behind?          The Roman army left Britain over 1500 years ago. Britain had roads</p>	<p>-establish clear narratives within and across the periods they study</p> <p><b>Key Concepts</b>  <b>Settlements</b></p> <p><b>Chronological Knowledge:</b>          -Understand that the Stone Age was a long (roughly 2.5 million year) period of pre-history that ended roughly 2000BC          -Bronze Age 3300BC to 1200BC (compare to Romans)          -Iron Age 1200BC to 600BC (compare to Romans)</p> <p><b>Substantive knowledge:</b>          People have been living in Britain for a very long time. Some changes occurred between the middle Stone Age (Mesolithic Times) to the Iron Age – a period of over 10,000 years! But there were some continuities too. For example: there were very little changes in houses, house-building or settlement size, until well into the Iron Age. For most of the period there is no written evidence, so the archaeological record is very important.</p> <p><b>Stone Age</b>          The Stone Age was split into three periods; Palaeolithic, Mesolithic and Neolithic          People were hunter-gatherers</p>	<p>-understand our knowledge of the past is constructed from a range of sources</p> <p><b>Key Concepts</b>  <b>Empire</b>  <b>Settlements</b></p> <p><b>Chronological Knowledge:</b>          -Place the beginning of the Ancient Egyptian period on a timeline (3100BC)          -Place Egyptian conquest by Alexander the great (332BC) on timeline          -Compare these dates to the Romans</p> <p><b>Substantive knowledge:</b>          Egypt is situated in the northeast corner of Africa.          The Nile was important because it provided water for crops but also fertile soil - this means that people settled near the banks of the Nile as it was considered a prime location.          The Egyptians were among the first civilisations to use irrigation systems.          The Nile also provided mud for bricks and pots, opportunities for fishing, papyrus reeds and a key means of transport.          We know about ancient Egyptian life because of evidence such as</p>

	<p>and Towns. It had new plants and animals, such as parsley, sweet chestnut and chickens. Measurements (Miles, feet and inches) still used by many people come from the Romans. The Romans also introduced Christianity to Britain. Many churches are still built using Roman designs.</p>	<p>People began farming and growing crops <b>Bronze Age</b> Bronze was used instead of stone to make tools and weapons Woollen cloth was used to make clothes and to keep warm People were buried with their important possessions <b>Iron Age</b> Iron was used instead of bronze to make tools and weapons as its shape can be changed Settlements were often under attack and there were many wars Britain was invaded by the Romans</p>	<p>the pyramids, the artefacts that were found there and methods of communications such as the use of hieroglyphics and papyrus rolls. Egyptian society was very hierarchical -this means that some groups of people were deemed more important than others. Each group had a different role to play in Egyptian society. <b>Mummification</b> was the process of <b>preserving</b> a body - this process was very important to the Egyptians as they believed this would prepare the body for their journey into the <b>afterlife</b>. The bodies of important people, such as <b>pharaohs</b>, were placed in these <b>pyramids</b>, which were built as <b>tombs</b>. Pharaohs were kings or queens of Ancient Egypt. The Ancient Egyptians have impacted our world significantly; they gave use things like paper, make up, toothpaste and much more.</p>
Year 4	<p><b>Anglo Saxons</b></p> <p><b>Key question to focus learning</b> Could you live like an Anglo-Saxon?</p> <p><b>The National curriculum says Ks2 children should:</b> -learn about Britain's settlement by Anglo-Saxons <i>This could include (non-statutory)</i></p>	<p><b>Ancient Greeks</b></p> <p><b>Key question to focus learning</b> How did the Ancient Greeks influence modern life?</p> <p><b>The National curriculum says Ks2 children should:</b></p>

William the Conqueror becomes king</p> <p>AD 1100 – End of Viking age</p> <p><b>Substantive knowledge:</b></p> <p>The Vikings came from the modern Scandinavian countries of Denmark, Norway and Sweden. They travelled in boats called longships and first arrived in Britain around AD 787. The Vikings raided places such as monasteries and pillaged expensive items to trade. They were looking for valuable goods like gold and jewels, imported foods and other useful materials</p> <p>The Vikings also wanted to claim land and tried to take over much of Britain. They invaded and settled in Scotland before heading south to places such as York. By AD 878 the Vikings had settled permanently in Britain</p> <p>The kings of Anglo-Saxon Britain each ruled their own kingdom and the people in it. They fought to defend their kingdom or take control of other kingdoms. When the Anglo-Saxons first settled in Britain, there were seven</p>
