

Sorry that you can't be in class with us this week. I have picked some lessons from the Oak National Academy to help you continue your learning. Although they are not exactly the same as ours, I have picked ones which either fit well or will be fun and engaging for a week.

Studying at home is different to studying at school, and it can be tiring! See how you get on with these - you may find that you don't manage to finish them. Don't worry, you won't be in any trouble! I'd love to see the work you do on Tapestry and if you run out let me know.

Maths:

The maths lessons do run in line with what we are covering in class, so you will be studying exactly the same as us!

WK beginning 20th February – Fractions

[Unit - Oak National Academy \(thenational.academy\)](#)

WK beginning 27th February – Calculation strategies (revision)

<https://classroom.thenational.academy/units/exploring-calculation-strategies-within-20-0fd4>

WK beginning 6th and 13th March - Money

<https://classroom.thenational.academy/units/money-88ba>

WK beginning 20th and 27th March – Multiplication and Division

[Unit - Oak National Academy \(thenational.academy\)](#)

English:

WK beginning 20th and 27th February – Drama
